State of the Art Flight Training

Airflite Flying College is a CASA, CASR Part 141 and 142 approved flight training organisation, building upon Airflite Pty Ltd's reputation as a leading Asia Pacific aviation solutions provider.

Our mission is to deliver professional, personalised flight training that will prepare pilots for an Airline or Military Career of excellence and distinction.

Aircraft Training Fleet

- Cessna 172S (G1000) glass cockpit aircraft
- Cessna 182R single engine training aircraft
- Piper PA-44 Seminole twin engine aircraft
- FM210 Touch Screen Simulator - 270 to 70 degree visuals using 6 x 60 inch high resolution displays
- Cessna 172 (G1000) glass cockpit simulator with 180 degree visuals

Flight Training

Our aviation instructors are highly experienced in guiding students from Ab-Initio right through to High Performance Jet Training Programs, instructing Airline Standard Operating Procedures from day one.

Our CASA flight training accreditations include:

Licences

- Recreational Pilot Licence (RPL)
- Private Pilot Licence (PPL) Integrated/non-Integrated
- Commercial Pilot Licence (CPL) Integrated/non-Integrated

Ratings

- Aeroplane Single and Multi Engine class rating
- Instrument rating
- Night VFR rating
- Low-level rating
- Flight instructor rating Grades 1, 2 and 3 as well as instructor training endorsements

Endorsements

- Design Feature training endorsement
- Instrument Rating training endorsement
- Night VFR training endorsement
- Low-level training endorsement
- Aeroplane flight review
- Packages across single, multi, piston and turbine aircraft types such as C208, B200 and Kodiak
