Disclaimers

- Please check your specific port prices in the tables.
- Please note that due to site specific operational costs, the price movement at a given airport may not correlate with the overall national Cost of Product movement.
- DUTY & GST have been applied, where applicable.
- Duty is charged at **0.0355 or 0.0400 AUD/Litre** depending on into-plane Agent.
- Posted Airfield Prices (PAP) must be considered only as approximate indications. Actual prices will be invoiced to you at the effective rate on the day of delivery.
- Typically, prices will reflect delivery in normal service hours. A supplementary charge may be applied when a delivery is made outside normal service hours, such as, for example, when a pre-arranged abnormal delivery is actually made.
- All invoices must be paid within 14 days from date of issue.

Posted Airfield Prices (PAP) quoted are:

- Applicable to any uplift during normal service.
- Prices are subject to change without notice and may vary from time to time.
- Please contact Airflite Operations for further details.
- If you require a price at an Airflite location not included in this Price Guide, please contact Airflite Operations
- Quoted prices relate to Into-Aircraft Bulk Fuel sales only.
- Changes in the laws and regulations relating to duties, taxes and dues on aviation products may occur at any time and the eligibility for refund or exemption is very complicated. It is not therefore possible to give details of these in this guide.
- Normally the general qualification for obtaining duty refund/exemption is that aircraft should clear for abroad from a customs airfield, and be engaged in commerce.

Who We Are

Established in 1981, Airflite is the fourth largest aircraft fleet owner in Australia.

At Airflite, we love aircraft and all aspects of the aviation industry. Our passion is manifested through our diverse aviation categories and far-reaching capabilities spanning:

- Sales
- Management
- FBO & VIP
- MRO
- Flying College
- Product Support
- Leasing & Charter
- Defence

Airflite is more than the sum of its parts. We believe in remarkable customer service, thinking outside the box, and making it happen.

When you choose to partner with Airflite, you are choosing an end to end service provider who will assist you from take-off to touchdown and everything else in between.

"The whole is greater than the sum of its parts"
Aristotle - Ancient Greek philosopher
